The Signature Wedding Package

A cohesive wedding styling experience, thoughtfully designed to bring your cake, décor and reception space together with clarity and intention.

With every element designed to work in harmony within your space, your reception feels balanced, refined and visually seamless — from the first welcome moment to the final styling touches

What's Included?

Planning Consultation & Venue Visit

A dedicated venue visit during the planning stage to walk through your reception space, discuss layout, focal points and the flow and layout of your day. This allows each element to be considered within the room itself, with thoughtful suggestions around placement, balance and visibility.

It is also an opportunity to shape the details of your package so the cake, styling elements and wider reception setup work together naturally within the space.

Professional Installation & Collection

Full venue installation is carried out with care and close attention to detail, ensuring each element is styled in place with clarity, balance and impact. Every setup is also checked through a camera lens, allowing spacing, heights and focal points to be refined so the final result feels polished both in person and in photographs.

After your celebration, all hired elements are professionally dismantled and collected, ensuring everything is taken care of from beginning to end.

What's Included?

Bespoke Wedding Cake Design

A custom designed two-tier wedding cake to serve up to 80 guests, created to reflect your chosen palette, aesthetic and vision. Designed to taste every bit as good as it looks, the package includes a choice of two flavours from our classic menu, with final flavour selections made up to one month before your wedding.

Each cake is finished in ganache and designed with careful reference to your inspiration, current trends and the overall feel of your celebration.

Cake Display Styling

Your cake is presented on a carefully chosen pedestal stand, styled on plinths to suit your wedding aesthetic. A coordinating cake menu sign is included as part of the display, creating a polished focal point within your reception.

Welcome Display Styling

Your welcome board is designed to suit your wedding aesthetic, with the shape, colour and overall styling chosen to sit naturally within the space.

Fully personalised to your preferred wording, whether a traditional welcome message or something more bespoke, each design is guided by your inspiration.

Where a particular style or shape is required, boards can be fabricated to suit your preferences, allowing the finished piece to feel personal, intentional and fully in keeping with the rest of your celebration.

What's Included?

Statement Backdrop

A statement backdrop is used to anchor your reception space, bringing structure to the room and creating a strong focal point within the space.

It can be suggested for behind your top table or used as a dedicated photography focal point, depending on the layout and feel of your day.

You will be guided in selecting a backdrop that feels cohesive with your palette and the atmosphere of your celebration. Our most popular choice is the soft cream Feather Wall, alongside options such as the lush Red Rose Wall, Tropical Foliage Wall and Pale Pink Floral Arch where better suited to your wedding.

As the collection continues to grow, couples are welcome to update their selection ahead of the wedding should a more suitable backdrop become available.

Custom Seating Plan

A custom designed seating plan, styled to sit seamlessly within your reception and professionally installed as part of your package. The board is designed to hold up to 12 tables plus top table, with the package including styling for up to 8 guest tables.

Table Number Styling

Coordinated table numbers are provided for up to 8 guest tables, presented as framed displays or plaques to suit your reception.

Investment

The Signature Wedding Package is priced at:

£1,595 for 2026 weddings

£1,745 for 2027 weddings

A £450 booking fee secures your date, with the remaining balance due three months prior to your wedding.

What This Package Offers:

The Signature Wedding Package is designed for couples who want the key visual details of their reception handled cohesively by one creative.

Rather than sourcing these elements separately, your cake, signage and styling features are considered together from the outset, allowing the space to feel more balanced, more intentional and far more connected as a whole.

It also means your cake is treated as a true feature of the room, with placement and styling considered just as carefully as the design itself.

Every setup is checked both in person and through a camera lens, ensuring the final result feels clear, polished and beautifully composed on the day.
